

2016 Results

Once again Reepham College students have achieved another set of exceptional results. New records have been set in terms of progress made and pass rates included a stunning 87% of students gaining grades of A* to C.

Last year, Reepham was the highest achieving free sixth form in Norfolk. A claim that is even more impressive when one considers that there is no selective admissions programme, and students follow a traditionally academic curriculum.

We applaud the outstanding efforts of all of our students, the dedication and professionalism of our staff and the care and support provided by our parents, all of whom have played a major role in this truly remarkable achievement. We are delighted that these results have enabled so many of our leavers to take up offers at their first choice of university. Amongst the cohort, we actually have 21 students who are due to attend Russell Group universities to study a range of courses including Nutrition and Dietetics, Spanish and Politics, Economics, Social Anthropology, and Mathematics.

Other impressive achievements included 22 students becoming Norfolk Scholars, county recognition for outstanding individual achievement by achieving ABB or better. We are very proud of all of our students and we offer our gratitude and congratulations to all involved and wish them every success, secure in the knowledge that the grounding they have received at Reepham College will equip them fantastically well for the future.

Good luck to you all and well done!
