

How well did disadvantaged pupils* perform at RHSC in 2018?

*'disadvantaged pupils' refers to pupils who have been eligible for free school meals at any time in the past six years or to pupils who are in looked after care.

GCSE Examination Results

Progress 8 is the most recent way in which pupils' performance in school examinations is measured. A score of 0 represents the National average score. A positive score represents the average amount of a GCSE grade that pupils in that school have progressed more than the national average, and a negative score represents the average amount of a GCSE grade that pupils in that school have progressed below the national average. So, for example, a score of +0.5 means pupils in that school have made, on average, half a GCSE grade more progress than the national average.

	Progress 8 Score
RHSC all pupils overall	0.1
RHSC disadvantaged pupils	-0.3
English	-0.1
English disadvantaged	-0.5
Maths	0.1
Maths disadvantaged	-0.1
Ebacc	0.4
Ebacc disadvantaged	0
Open	-0.3
Open disadvantaged	-0.6

Comment

We believe that the single most significant factor affecting any pupil's progress is the quality of teaching and learning within the classroom. In 2018 the gap between the average progress of RHSC disadvantaged pupils and non-disadvantaged pupils was 0.4 of a GCSE grade.

We feel the performance of RHSC disadvantaged pupils this year was a little disappointing and will be aiming to support our students, raising their aspirations and self-belief to help them achieve their potential; English will be a particular focus. The in school gap is down 0.25 of a grade on average compared to last year. Looking at individual pupils there was a higher proportion of pupils with significant attendance issues which undoubtedly affected their progress; this is a particular focus of the Pupil Premium co-ordinators and attendance officer this year. Other focuses and strategies to help close the gap can be found in the latest Pupil Premium Strategy document found on the school's website. There is no national data yet for last year, but the previous year the national average P8 score for disadvantaged pupils was -0.4.

Attendance of disadvantaged pupils

% of pupils absent	2016/17 (ASP)	2017/18 (our data)
RHSC disadvantaged overall	7.7%	7.8%
RHSC disadvantaged PA	19%	22.6%
National disadvantaged figure	7.8%	Released March 2019

Comment

From year ending 2017 to the year ending 2018 the attendance of disadvantaged pupils at RHSC was 92.2% (non-disadvantaged 95.3%), down from 93.6% the previous year. Although it is recognised that attendance figures are harder to improve in schools such as ours with a high number of pupils traveling on a school bus, we will focus on this for further improvement next year. The PA figure is far higher than we would like and will continue to work on this too.

Exclusions of disadvantaged pupils (Government statistics always a year behind)

% of pupils that received a short-term exclusion.	2014-15	2015-16	2016-17	2017-18
RHSC (non-disadvantaged pupils)	2.54%	2.72%	2.9%	2.2% (15/679)
England (non-disadvantaged pupils)	2.51%	4.58%	4.59%	Not known yet
RHSC (disadvantaged pupils)	8.89%	2.86%	6.5%	4% (6/151)
England (disadvantaged pupils)	8.34%	18.77%	10.13% (FSM6)	Not known yet

Comment

Although exclusion rates are usually well below the national average, the exclusion rate of disadvantaged pupils at RHSC for the year ending July 2018 were very low again.

Note: Unlike the vast majority of secondary schools RHSC does not have an isolation room. When pupils are in school, they are in lessons, so there are no 'hidden' exclusions.

Other

The creation of a second 'Disadvantaged Pupils' Coordinator' for the year starting September 2016 has continued to help our disadvantaged students and the Year 11 statistics will improve once the pupils who have been supported in KS3 transition through the school. Every disadvantaged pupil has received both group and personalised regular and frequent support. A 'Disadvantaged Pupils Plan', has been devised to provide a clear and structured framework for teacher focus and support. The

plan aims to build upon the initial work done in each year's (Disadvantaged) Summer School, involving Year 6 pupils about to join RHSC, where crucial work is done to form positive attitudes towards high school by pupils and their parents. We also use this to identify 'difficult to engage' families. A select group of our most vulnerable disadvantaged students are also invited on to a short Personal and Social Development residential trip.

The areas focused on by staff relating to the Plan are in addition to the focus on Quality First Teaching that much of the budget is directed towards.

Development

The school's disadvantaged strategy will be evaluated and reconsidered over the year 2018-2019. Also, the Disadvantaged Pupils Improvement Plan will be revised to complement departments' work on academic progress, and considers other aspects of school life and personal development.
