

Dear Parent / Carer,

Lateral Flow Test (LFT) kits for asymptomatic Covid-19.

Pupils that have had LFT within school over the last 2 weeks have been given home testing kits to take home today.

Each child should be tested twice a week. Once before school on Monday (or on Sunday evening) and again on Wednesday (or Tuesday evening).

The DfE require us to keep a record of results, so please [report LFT results here](#) after each test.

The results of the test should also be reported to the NHS via the website listed in the LFT guidebook.

Yours Sincerely

A handwritten signature in purple ink, appearing to read 'Tim Gibbs'.
