

Dear Parents / Carers

Several of you have been contacting school to ask about arrangements for our September return. Please be aware that these are still being worked on and once finalised will be emailed to you. What I can tell you is that a full and comprehensive risk assessment has been done and clear instructions to all pupils and staff, as well as parents, will be published. Guidance seems to change regularly so I will leave it until then to avoid the possibility of having to send you an amended version nearer the time.

My intention is to email you in the last week of August.

Yours sincerely

Tim Gibbs
